Ashakiran	Foregin born individuals	Alabama	http://ashakiran.com/	<p>AshaKiran was started to fill a community need and help foreign born individuals experiencing crises in Alabama to overcome barriers such as language, cultural and/or religious stigmas through education and empowerment and providing culturally sensitive services. Our mission has always been to help any foreign born individual dealing with crises, such as domestic violence and sexual assault, by providing specific culturally sensitive servicesbut we were originally limited to focusing on people with South Asian origins. That focus developed out of an initial lack of language resources. AshaKiran was found by volunteers and those dedicated individuals were comfortable providing services in South Asian languages. As the organization grew so did the number of languages we could operate in. We have achieved our mission and are now able to help any foreign born individual.</p>
